Other Notable Details

- I need to be well updated with the wedding plan/schedule in order to make time for all different activities throughout the day (Preparation, Entrance & Entertainment timings, etc.). In addition to, and preferably, informing me with all the vendors taking part on the day (Videographer, Makeup Artist, Hair Stylist, etc.)
- I should be notified if the bride and groom had booked another photographer to cover the event in order to avoid conflict.
- Please communicate with the wedding planner beforehand to **arrange for a seating table** on either far sides of the venue for us to use throughout the wedding.
- I would love if you can share references of how you want the day to be documented including the important shots you would like to have covered.
- Please let me know if you prefer **not to share** any of your photos on Instagram **before** the wedding day.
- Raw files are not included in the deliverables and are for an additional fee in case requested.
- It would be my pleasure to meet in person to further discuss any details before the wedding.
- I offer free pre-wedding consultation where the bride and groom will share their vision and I will advise on any logistics or recommendations for other vendors, etc..
- Prior to the wedding, a call will be carried out to ensure all plans are in place with no last minute changes.

Please let me know if you need any more information from my side.

Thank you!

Looking forward to being with you on your big day!
